Please see folio 28 and enclosure. The normal procedure would be to refer these papers to the Attorney General for advice. District Commissioners were consulted on non-essential legislation and presumably have borne this in mind. Nevertheless I consider that the D.C. should be asked to reconsider the necessity for this complete revision of the Leekham municipal by-laws in present circumstances.

I am directed to refer to your letter No. 1314 of the 29th August, 1944, regarding the Tulkarm municipal by-laws, and to inform you that while the situation as described in my circular No. 57 of the 9th June, 1941, has improved somewhat, there are still many matters to deal with by the Law Officers which are considered to be far more important than the by-laws in question. In the circumstances, it is regretted that their publication will have to be deferred further.

Could not these amending by-laws now be considered by the law officers, especially as they are, as stated in this office letter 234 of 11.7.42, based on the existing laws of other municipalities? Meantime, in the absence of these by-laws, Tulkarm is losing revenue.

I am directed to refer to your letter No. 234 of the 11th July, 1942, forwarding completely revised by-laws of Tulkarm Municipality for publication and to invite your attention to Chief Secretary's circular No. 57 of the 9th June, 1941, of which a copy is attached. The conditions explained in that circular have by no means ameliorated and I am to request you in the circumstances to reconsider the necessity for publication of all or any of these by-laws for the time being.

CHIEF SECRETARY'S OFFICE

Circular No. 57.

Pressure of urgent work (arising from the war) in the Attorney General's department necessitates special arrangements to reduce the volume of non-urgent work in that department. You are therefore requested, when proposals for the introduction of new legislation or the amendment of existing legislation come before you, to consider whether the matter is sufficiently urgent and important to merit present consideration, or whether it might not be deferred until the volume of work in the Attorney General's department has decreased. A considerable number of requests for the amendment of ordinances and regulations are received in this office which, though no doubt desirable on grounds of convenience and efficiency, cannot be described as urgently necessary; in present circumstances it is useless to refer these applications to the Attorney General, since I am aware that he and his staff will not be able to afford time to deal with them. The word "regulations" is intended to include by-laws of local Authorities.

2. I take this opportunity to apologise for delays which have occurred during the last year or so in replying to letters addressed to this office, and to subsequent reminders. In many cases the delay is explained by the pressure of work in this or the Attorney General's Office. An endeavour will be made in future to send interim replies explaining the cause of the delay.

CHIEF SECRETARY.

15 June, 1935.
(G/58/34).

G/180/34.

29th April, 1935.

H. M. Foot, Esq.,
Assistant District Commissioner,
Nablus.

I am directed to refer to your letter
No. G/413 of the 16th April, 1935, forwarding draft
Municipal By-Laws prepared by the Municipalities of
Nablus, Jenin, Tulkara, Nazareth, Tiberias and Safad.

These drafts have been considered by the
Acting Attorney General and I cannot do better than
to return the drafts to you with a copy of his minute,
for very early revision and return.

(Sgd.) Max Nurock
for CHIEF SECRETARY.

C.S.

I have the following remarks to make :-

Nablus.

By-law 2:- To prescribe the situation of a market by notice would, I think, be ultra vires. I suggest that the boundaries of all markets be incorporated in the by-laws as in the case of Safad, Tiberias, etc.

By-law 4:- Paragraphs 1, 2 and 3 are unintelligible.

By-law 23:- I suggest that the provision regarding properties sold by the Execution Office, etc. be deleted.

By-law 63 (k) :- This is not clear. Is the intention that the fee in question should not exceed one fourth of the rateable value as set out in section 104 of the Municipal Corporations Ordinance, 1934 ?

Tiberias.

By-law 42:- I have deleted the words "in the manner hereinafter provided".

Safad.

By-law 42:- I have deleted the words "in the manner hereinafter provided".

By-law 65:- I have deleted the words "and any building constructed, etc."

Tulkarm.

By-law 2: (Please see my remarks on by-law 2 of the Nablus by-laws

By-laws 27 and 28:- I have brought these into line with similar by-laws of other municipalities.

By-law 66:- I have deleted the words "in the manner hereinafter provided".

Nazareth.

By-law 62:- I have deleted the words "without the prior approval in writing of the Municipal Council".

By-law 64:- I suggest that it would be advisable to insert a specific penalty.

Jenin.

By-law 42:- I have deleted the words "in the manner hereinafter provided".

By-law 43:- I have deleted the words "in accordance with section 114 (b) of the Municipal Corporations Ordinance, 1934".

By-law 58:- Vide my remarks on section 2 of the Nablus by-laws.

23.4.35.

L.L.B.
A/ATTORNEY GENERAL.

G/4X3.

16th April, 1935.

The Chief Secretary,
Jerusalem.

I have been instructed to forward to you direct draft Municipal by-Laws prepared by the Municipalities of Nablus, Jenin, Tulkarm, Nazareth, Tiberias and Safad.

2. These By-Laws have been carefully checked in my office and they follow the form of by-laws already approved for other Municipalities except in respect of one or two minor points where exceptional local conditions require a slightly different form.

3. Until these -By-Laws are approved the Municipalities are unable to collect the revenue for which provision is made in the By-Laws and it is consequently of first importance that they should be approved and published in the Gazette with the least possible delay.
